Justification for decision: (Use continuation sheet if necessary and attach map)

The Air Force's consultant determined these buildings ineligible based on age and/or integrity. The World War II buildings have been significantly altered and do not form any cohesive architectural identity. The Trust concurred that all of these buildings were not eligible.

Documentation on the property/district is presented in: with this MHIP form and Andrews Air Force Base compliance file

## **Capsule Summary**

Inventory No. PG: 77-27

Property Name: Material Services #03422 & #03446

Location: Andrews Air Force Base

Ownership: Public/Military

Date of Construction: ca. 1943

Building #3422 and #3446 are large one-story tall, rectangular concrete block structures, with asphalt shingle covered, high pitched gable roofs. The gable ends of the buildings are frame construction covered with wood siding. As originally designed, the buildings had both normal height and high windows, most of which have been boarded up. There are three loading bays on one long side of the buildings.

Both buildings, which were built as storage facilities for the base, have been modified significantly since construction. The buildings have received large garage door openings along their sides, changing the character of the original structure. In addition, the original windows have been blocked up, and the entry doors and roof materials changed.
